| <b>DETAILS</b>    | Lower frames may have incorrect tab locations; different cross braces are required. |

### **Solution:**

Measure and compare the frames you receive to the drawings above. If you did receive lower frames with the incorrect tab locations, we will be sending you different cross braces. The bundle you require is 203474RD, which consists of are 1 x 203472 (Lower Tie Brace), and 2 x 203473 (Lower X-Brace). We are currently in the process of sending these cross braces out.
