

Product Bulletin

Doc. No. GPM-SS-B-0035 R1

Date: January 8, 2025

Product ref: AGI Grain Bin Accessory Product Line Release

Comm: STANDARD

Overview

In line with AGI's North American Bin Standardization strategic goals, a complete review of the accessory offerings from both St. Boniface and Grand Island was completed. The outcome was to combine the best design features of both lines and develop a **New & Improved** AGI Accessories product line to meet all your needs.

We are pleased to announce that we now have the following:

1. OSHA/ANSI Compliant Commercial Ladder & Platform line
2. Economical Ladder & Platform line for the farm
3. OSHA/ANSI Circular Stair & Platform Product line
4. OSHA/ANSI Roof Stair & Platform Product line

Product Information

The OSHA/ANSI Compliant Commercial Ladder & Platform line consists of the following:

- AGI Ladder Packages for all 4" bins that are currently offered.
 - AGI Commercial Ladders (GI Style) with 12" rung spacing
 - Cages running the length of the ladder
 - Connector straps extend from the bottom of the ladder cages to the platform guard rails
