

BULLETIN: Walk-In-Door Bin Kit Modification

PROJECT ID#	GPM-SS-B-0048
ISSUED DATE	May 23, 2025,
ISSUED BY	Niki Nazarewich
DISTRIBUTION	
BRAND	AGI & WESTEEL
PRODUCT FAMILY, CLASS & LINE	Storage
MODEL	Stiffened Bins
EFFECTIVE DATE	June 1, 2025,
MFG LOCATION	AGI St. Boniface

Overview

In alignment with AGI's North American Bin Standardization strategic goals, a review of the demand for the walk-in-door has been completed. Based on the stronger interest in the walk-in-door, GPM has updated the standard bin kits to allow for the use of walk-in-door where applicable.

- This change affects stiffened bins from 15' to 45' in diameter
- Walk-In Door style is now standard (where applicable)
- One-tier and two-tier doors are optional upgrades
- Select sizes also have new higher tier options available

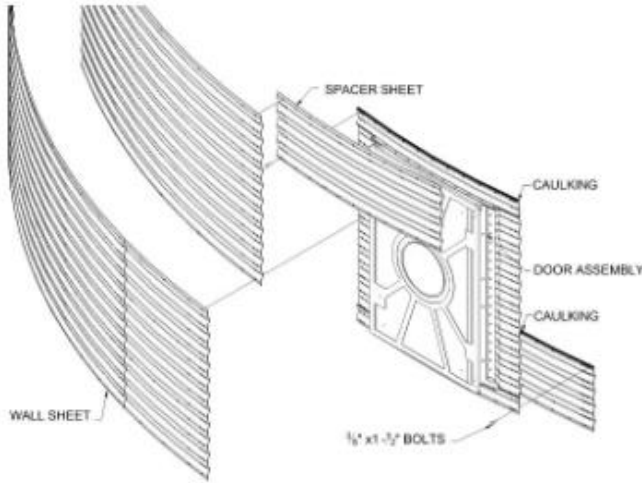

New bins sizes are set up for standard production:

- 1815-1817 Stiffened Bin
- 2115-2119 Stiffened Bin
- 2419-2422 Stiffened Bin
- 2719-2725 Stiffened Bin
- 3021-3024 Stiffened Bin

AGI St. Boniface has the following doors available to the market:

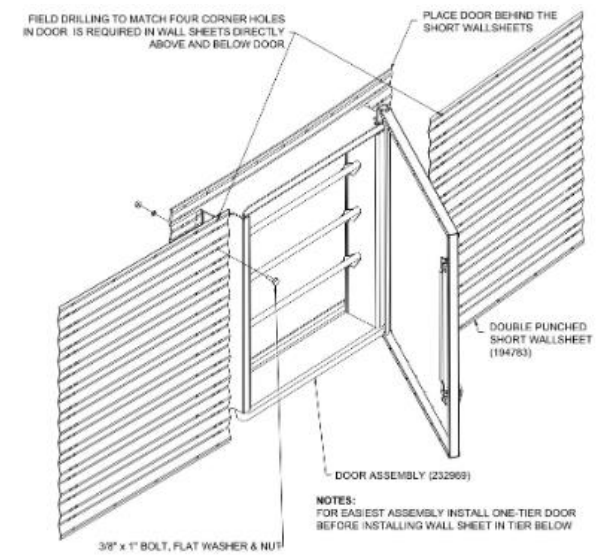

Walk-In-Door (one and half tier door)

Features:

- Opening width 28"
- Overall height 57.6" tall
- Embossed outer door pan, two inner door pans

One – Tier Door (multiple versions to suit bin model)

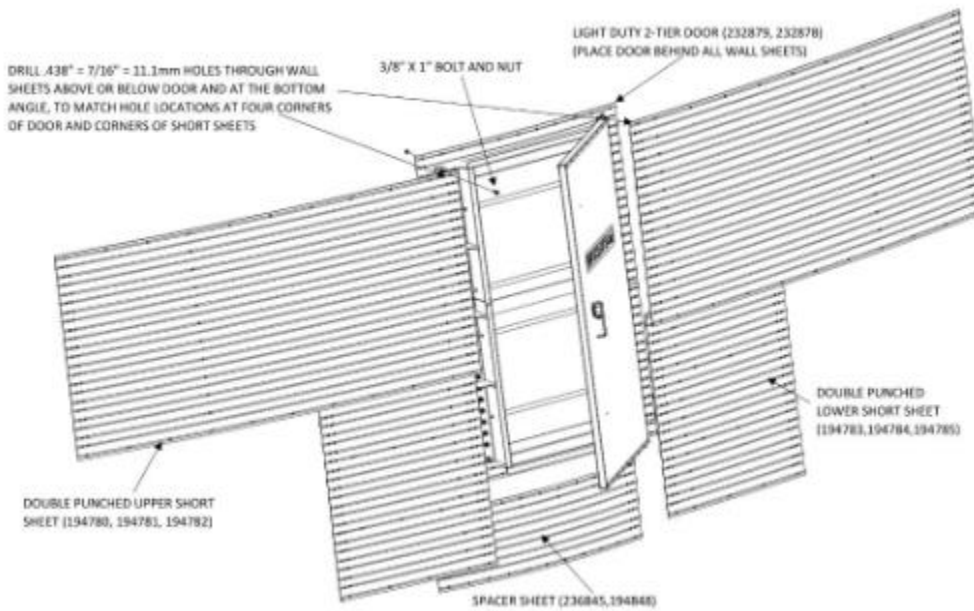

Features:

- Opening width 30"
- Overall height 45.6" tall
- Flat outer door pans with AGI logo and QR code
- One inner door pan
- 5 different strengths to be used in varying bin sizes

Two – Tier Door (multiple versions to suit bin model)

Features:

- Opening width 30"
- Overall height 73.5" tall
- Flat outer door pans with AGI logo and QR code
- Two inner door pans
- 5 different strengths to be used in varying bin sizes

The previous "Door Where Used" chart **BEFORE** updates:

All bins within the bold line can use the walk-in-door as an option but was not set up as standard.
