

PRODUCT RELEASE NOTICE – PRODUCT BULLETIN

ID#	220201 – Project 2986
DATE	1/27/2022
BRAND	Hutchinson Mayrath
PRODUCT	Stationary Grain Pump and Double Run
MODEL	Adjustable Support Brackets

DETAILS

Hutchinson-Mayrath is proud to introduce Grain Pump Loop and Double Run support options to the 2022 Product Catalog. These supports can be used to support the conveyors horizontally, vertical, and at an angle. These supports can be used with the Eclipse towers and conveyor supports.

Benefits:

- Reduce installation and labor time on fabricating supports
- Adjustment ensures product is installed level for optimal performance and longevity
